

Nutraceutical product portfolio

Purity

from the ground up

Fruit d'Or

“When Fruit d’Or was founded, we chose to look at things differently—and completely rethink traditional ways of processing. We are who we are today thanks to this approach. Today innovation is a given for us and informs the way we see the world. Our team knows that you can never respond without envisioning a solution. Innovation is what fuels our search for authenticity and commitment to always take the possibilities of sustainable development further.”

Martin Le Moine
Fruit d’Or founder and owner of les Fermes Le Moine

Sustainability

has always been a part of
our journey

Learn more about
our organic story

From field to
finished products

**We pamper our berries every step
of the way**

Thanks to our vertical integration, our berries never leave our care. Crops grown primarily in our very own fields. We have complete control over every step of the production process. We comply with the strictest organic and food safety standards and certifications.

Complete line of top-quality products

Using the world's most
advanced processes

Fruit d'Or offers complete lines of premium nutraceutical cranberry and wild blueberry products, Cran d'Or™ and Blue d'Or™. Using cutting-edge processes to bring out all the fruits' natural goodness, these high-end ingredients edge out all offerings on the market. Our branded ingredients are conventional or organic, unprecedentedly pure, and directly sourced from our fields.

CRANDOR™

Nature's best cranberry ingredients

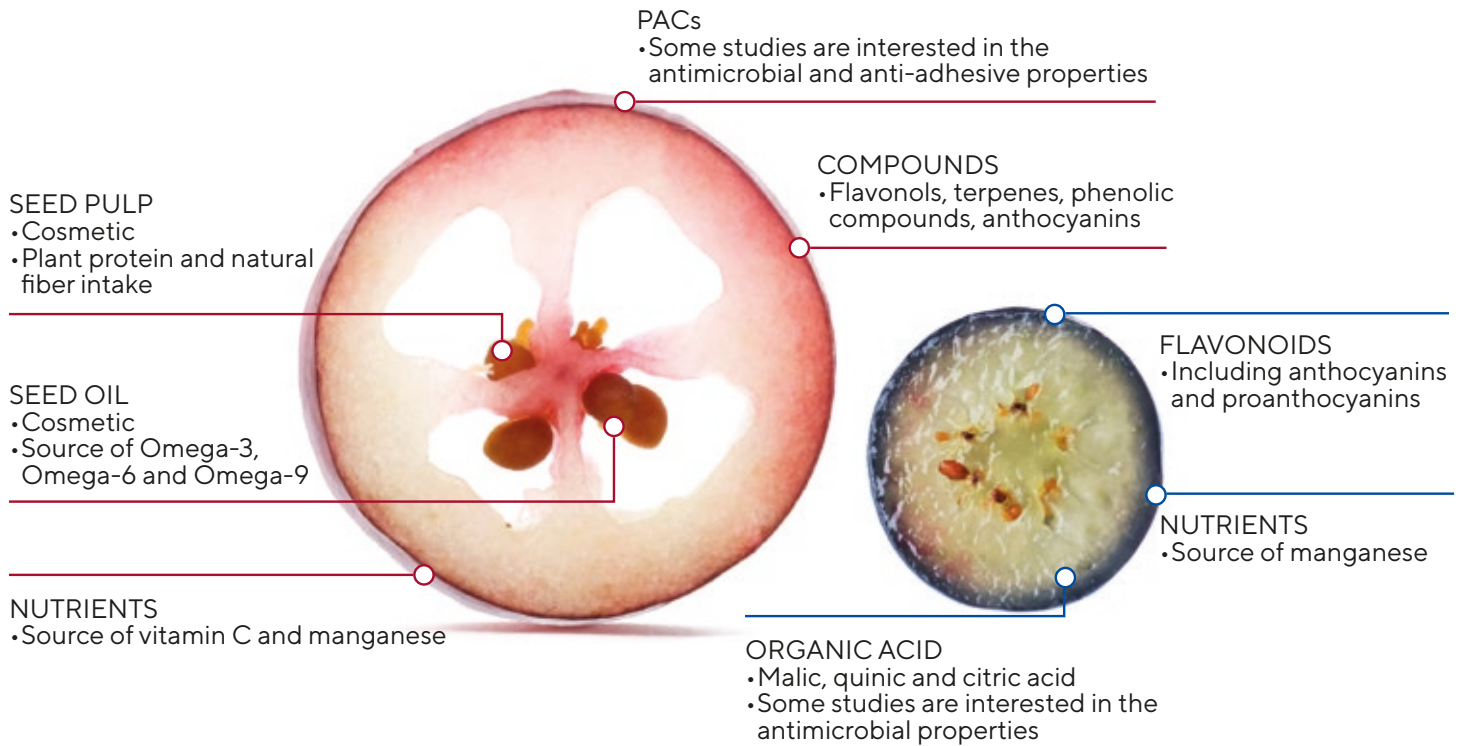

Cran d'Or™ stands at the forefront of organic cranberry cultivation, offering a comprehensive range of nutraceutical ingredients. Our commitment to purity and effectiveness permeates our entire production process, with each ingredient being a direct result of our diligent cultivation in the cold climates of Canada. Using advanced processing techniques, we ensure that every facet of the cranberry's natural benefits is optimized to its fullest potential. In addition to making premium nutraceutical ingredients, we foster end-to-end upcycling, ensuring that no part of the fruit goes to waste, which is a proven demonstration of our commitment to quality and sustainability.

BLUEDOR™

Wild blueberry ingredients in their purest form

Fruit d'Or takes pride in our comprehensive range of nutraceutical wild blueberry ingredients, Blue d'Or. We are the second largest organic wild blueberry processor in the industry. Our wild blueberries are grown and sourced directly from our fields in the Nordic climates of Canada. Our sophisticated processing methods allow us to fully maximize the polyphenol and antioxidant content in our wild blueberries, which far exceed our customers' expectations in terms of quality and effectiveness. Once you experience the differences our premium wild blueberries offer, you will never settle for less again.

Taste of a perfect fruit

Fruit d'Or continuously participate in research projects, both with universities and with private partners. Innovation and cutting-edge research and development are at the heart of our activities.

Using advanced processing techniques, we ensure that every facet of the natural benefits of cranberries and wild blueberries is maximized.

Breaking ground in research & development

We've fine-tuned our processes to bring out all the natural goodness of the fruit

Zero additives, preservatives, or GMOs ingredients. No added sugar, flavors or colors.

Grown and processed to preserve all their natural benefits. We don't use anticaking or free-flow agents and solvents*. The drying process for the powder preserves the fruit's nutrients in their natural, unaltered state.

Certifications available:

Country of origin: Canada or United States of America.

*Except for our soluble powders

POWDERS

Cranberry and wild blueberry 100% fruit powders

CRANDOR™ TotalPAC

Ingredient: 100% cranberry powder

Available in different mesh sizes.

Applications: Formulation, encapsulation, tablet.

Premium full-spectrum organic cranberry (*Vaccinium macrocarpon*) powder, featuring a minimum of 7.2% of soluble and insoluble proanthocyanidins (PACs) content. The manufacturing process of this powder provides a versatile ingredient with different intensity of color and mesh.

Allows you to use the FDA qualified Health claim*

Supplements with a daily serving of 500 mg of pure cranberry fruit powder may state on their labels and in marketing materials that they reduce the risk of recurrent urinary tract infections.

*It is the responsibility of each manufacturer to verify the conformity of their finished product for the use of the correct claim.

CRANDOR™ Complete

Ingredients: 50% dried cranberry seed extract, 50% cranberry powder.

Available in different mesh sizes.

Applications: Formulation, encapsulation, tablet, functional foods and so much more.

CRANDOR™ Bios

Ingredient: 100% Cranberry seed dry extract

Available in 60 mesh.

Applications: Functional foods, mix with probiotic capsules, soft exfoliating agent and many more.

A Fruit d'Or signature cranberry powder (*Vaccinium macrocarpon*) designed for versatility. The product is specially formulated to provide protein and fiber, while still providing PACs. Indeed, it contains a guarantee of 4% of soluble and insoluble PACs, with dietary fiber (61.50g per 100g) and protein (15.49g per 100g).

Cran d'Or™ Bios cranberry seed dry extract is derived from the cranberry seeds (*Vaccinium macrocarpon*) to which the oil has been extracted by a cold-press process. This is a product that is upcycled from our processes and would otherwise be a waste product. We guarantee a minimum of 17.5% of protein, a minimum of 40% of total fiber and a minimum of 2% of total PACs for this powder.

BLUEDOR™ PureWild

Ingredients: 100% wild blueberries powder

Available in different mesh sizes.

Applications: Formulation, encapsulation, tablet, functional foods and so much more.

Our wild blueberries powder Blue d'Or™ is the epitome of simplicity, efficacy and clean ingredients. Lowbush blueberries, or wild blueberries (*Vaccinium angustifolium*), are distinct from commercial, cultivated blueberries, with a more intense flavor profile and concentration of goodness. No preservatives, flavour, colour or additives are added to have the beautiful color and delicate flavor profile of this powder.

SOLUBLE POWDERS

Fruit-derived, soluble and no added sugar solutions.

CRANDOR™ AcaSol

Ingredients: Cranberry juice concentrate, partially hydrolyzed guar gum, silicon dioxide.

Applications: Juice, shots, liquid supplement, chocolate, powders to dilute, smoothie, sports beverages and much more.

Available in 40 Mesh.

Available only in organic, our AcaSol™ powder is made from organic cranberry concentrate juice powder with a 12:1 ratio (whole fruit: concentrate juice powder). It provides a typical cranberry taste: bright and tart.

Org. 11V04879

BLUEDOR™ SunBlue

Ingredients: Wild blueberry juice concentrate, partially hydrolyzed guar gum, silicon dioxide.

Applications: Juice, shots, liquid supplement, chocolate, powders to dilute, smoothie, sports beverages and much more.

Available in 40 Mesh.

Conv. 20VS4809

SEEDS

Complete traceability, from field to finished product.

Cranberry seeds

Ingredients: Dried cranberry seeds, screened

Applications: Bakery, oil extraction, animal (pet food), functional foods and many more.

The cranberry seeds are extracted from healthy, mature cranberries (*Vaccinium macrocarpon*) and they are then dried. This is a product that is upcycled from our processes and would otherwise be a waste product.

Conv. 10V00042

CRANBERRY SEED OIL

Premium oils crafted from upcycled cranberry seeds.

CRANDOR™ PlantEFA

Ingredient: 100% cold pressed cranberry oil

Applications: For food applications.

We guarantee 25-30g/100g of linolenic acid (Omega-3), 30-40g/100g linoleic acid (Omega-6), and 15-25g/100g oleic acid (Omega-9). The oil has a delicate aroma and flavor profile.

Org. 11N80000
Conv. 10N80000

CRANORA™

Ingredient: 100% cold pressed cranberry oil, refined and deodorized.

Applications: For cosmetic applications

CranOra™ is a 100% natural COSMOS-certified organic cranberry seed oil. This refined and deodorized, first-cold pressed oil provides sought-after benefits to skin care and hair care products.
